## **Installing Clearly Anywhere Desktop**

#### **Download the Application**

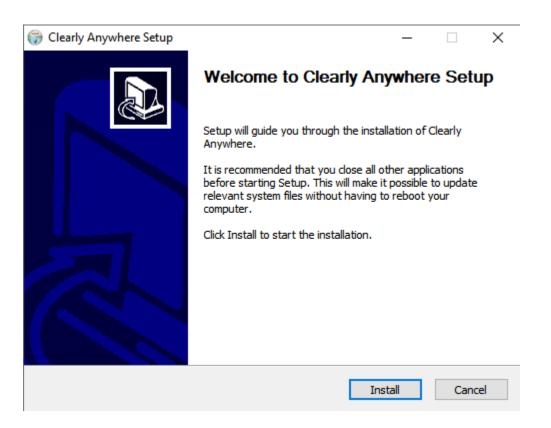

- Download the latest Desktop App as outlined below
- Windows Download our App from the Microsoft App Store here:

http://www.clearlyanywhere.app/app/microsoft

- MacOS https://clearlyanywhere.app/app/macos
- Click on the link and accept the download

#### Windows Installer

- Locate the file you just downloaded on your computer and open the file
- Click install

• When the application is fully installed, it will offer you to check a box to run Clearly Anywhere on completion of the install and to check a box to create a desktop shortcut. Choose your options and click Finish.

당 Clearly Anywhere Setup	- 🗆 X
	Completing Clearly Anywhere Setup
	Clearly Anywhere has been installed on your computer. Click Finish to close Setup.
	Run Clearly Anywhere
	☑ Create desktop shortcut
	< Back Finish Cancel

#### **MacOS Install**

• Double click on the Downloaded .dmg file to start the installer

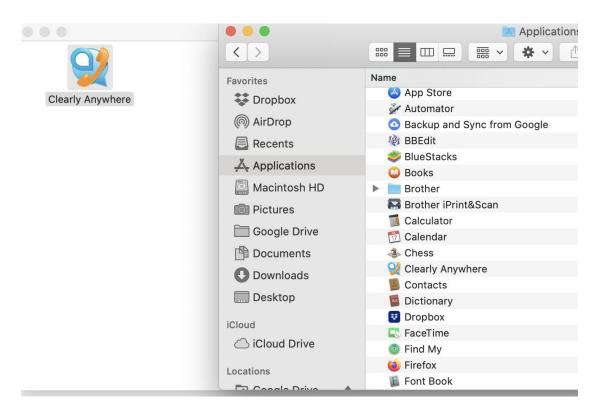

• • •	🙋 Downloads			
< >		😻 🗸 Q S	earch	
Favorites	Name	Size	Kind	Date Ad
Stropbox	clearlyanywhere-1_0_3_99-macos.dmg	123.4 MB	Disk Image	Today a

• The Application will be extracted, and you will get a pop-up notification showing the Application is mounted onto your MacOS hard drive.
